BELT DRIVE PEDAL

P R O D U C T   B R O C H U R E

# SMOOTH, NUANCED CONTROL

Built for speed, performance, and style, the Swift Belt Drive Pedal delivers lightning-fast response and precision. With cutting-edge Design Lab Hardware features like the Quick Set Spring Tensioner and Independently Adjustable Beater Hub, this sleek pedal offers unmatched expression with **SMOOTH, NUANCED CONTROL**.

# QUICK SET SPRING TENSIONER

The Quick Set Spring Tensioner\* enables effortless spring tension adjustments with just a few twists from a seated position, allowing drummers to fine-tune the spring tension anytime, even during short breaks in performances.

*\*Patent Pending*

## SPRING TENSION GUIDE

The Spring Tension Guide is positioned for easy visibility, ensuring accurate and consistent tension without exception.

# INDEPENDENTLY ADJUSTABLE BEATER HUB

The Swift Pedal's adjustable beater hub allows beater angle adjustments without affecting footboard angle, offering extensive customization for every style of playing.

## REINFORCED BEARING HINGE DESIGN

The unique Footboard Hinge Design\* is ultra-smooth and silent featuring reinforced housings for the axle and bearings allowing complete freedom of motion and ensures maximum durability.

*\*Patent Pending*

## EASY REACH HOOP CLAMP

The Swift Pedal's Easy Reach Hoop Clamp allows single-handed adjustments from a seated playing position for quick and effortless setup. Its universal clamp design securely grips a wide range of bass drum hoop shapes and sizes.

# QUICK HOOK SPRING RELEASE

The Quick Hook Spring Release enables quick pedal dismantling for travel, allowing for fast setup before performances and easy storage in the Smart-Form Case without removing the beater.

## SMART-FORM CASE INCLUDED

The Smart-Form Case features a removable packing pillow for stabilizing the pedal during transport and an offset handle for balanced carrying comfort.

\*Available Individually (Model No. PDBGDLS01)
